

Future Thinking

Powerful solutions
for modern businesses

BACKGROUND

COMPANY HISTORY

Cinco Trading was founded in 2007 as a Trading House established to provide systems and solutions that are unique and efficient. Our team of expertise from various backgrounds are the backbone of the company. We believe in creating a market for our products rather than competing with existing products. The aim is to achieve efficient solutions that outweigh our competitors in terms of time and cost. Today we have positioned ourselves in various locations within the region. Our offices are active in Bahrain, UAE, Iraq, Qatar and Pakistan.

WHAT WE DO

Our group of companies is active in a wide array of service and supply solutions to meet the demands of our clients. We provide holistic services that include supply, installation, maintenance and technical support.

STRATEGY & VISION

VISION STATEMENT

Our company strives to position itself as a one-stop shop for innovative and effective solutions in a wide array of activities.

MISSION STATEMENT

Cinco Trading aims to grow into new fields of activity that have not yet been introduced in the region. Our latest ventures nanoME, Alumcore and Ilium truly exhibit the groups interest to diversify into new fields of activity that introduces and promotes latest technologies and innovative products.

GROWTH STRATEGY

The growth strategy that the company has adopted is to diversify into a wide array of fields that have not yet been introduced or efficiently implemented to the market. Our group has invested in new technology development in the fields of composites, light weight systems and nano technology and are continuously seeking further opportunities and ideas to enhance our growth.
